

## Conserve and Enhance Fife's Countryside for Future Generations

Fife Coast and Countryside Trust are responsible for the delivery of countryside services here in Fife on behalf of Fife Council.

This service includes the management and conservation of 70 sites including:

the Fife Coastal Path,  
the Lomond Hills  
7 Local Nature Reserves

as well as delivering learning opportunities through our events and educational programmes; all of which are free of charge.

### Why support our generic work?

All our work is targeted at supporting our overall aim of managing, conserving and enhancing the biodiversity and countryside of Fife.

By giving a donation to support FCCT in our work, you will be helping us to continue to manage our sites.

Our careful conservation work in our woodland and countryside, and along the coast is vital to ensuring residents and visitors to Fife have access to a quality countryside experience.

This is a simple, but effective way of getting involved with what is happening at ground level.

Fife's countryside plays a vital role in the health and well being of its residents and also plays a key role in the regions tourism. Our aim is to build on today's work ensuring that we leave our Big Green Footprint for tomorrows generation to enjoy.
