

Young Ranger and Educational Activities.

Our extensive free outdoor learning programme is delivered by our team of experienced Countryside Rangers and Project Officers based around Fife. This programme is delivered through schools from Nursery to Tertiary.

Our approach is very flexible and we provide a range of opportunities for all ages and abilities, designed to engage the mind and heart through discovering, appreciating and caring for the countryside. At present we provide activities such as pond dipping, rock pool guddling and mini beasts safaris, to name but a few.

We also provide specialised programmes which offer a holistic and active outdoor learning experience and assist with gaining awards through other programmes.

These include activities such as:

- Development of Wildlife/Learning Gardens
- John Muir Award
- Forest Schools
- Forest Kindergarten
- Natural Connections
- Red Squirrel Champion Schools
- Eco Schools
- School Orchards
- Grounds for Learning
- Junior Ranger Programme

We can also run individually tailored sessions which correspond to the curriculum for excellence.

All of the above outdoor learning is available to every child in Fife and is FREE of charge. For us to continue to offer this service and develop our own Junior Ranger Programme we need support to supply equipment, clothing, transportation, tents and other educational material.
